It is a few minutes' walk from the port of Cassis that this attractive property is revealed, sheltered behind Les Roches Blanches, an iconic resort from the 1920s redesigned as a 5-star luxury hotel. Benefiting from private access to the hotel, this property offers its guests the comfort and independence of a private property combined with 5-star hotel services. With Cap Canaille and the shimmering Mediterranean just opposite, this sumptuous property combines luxury and elegance to offer its guests an exceptional stay.

Just 30 minutes from cosmopolitan Marseilles, protected by a circle of limestone cliffs that make the beauty and fame of the Calanques, Cassis is a jealously guarded secret, whose authenticity and charm have remained intact. A Provençal village with its feet in the water, between Marseille and Saint-Tropez. Around you, the Calanques, their shades of blue, and the islands that spring from the sea invite you to feel the beauty. Let yourself be seduced by the natural coves and their crystal-clear waters.

Languid on four levels, this villa seems to merge with the rock against which it was erected. The exterior spaces of the villa have been designed as an invitation to relaxation and the art of living: they are a tribute to the gardens that plunge into the sea. The villa boasts two private swimming pools, a hammam and treatment room. With its direct access to the sea, this setting is undoubtedly the place of all pleasures, for a pure moment of relaxation. Inside, the simplicity of the lines and the nobility of the materials have guided the layout choices. With its four bedrooms, designed as suites, the villa can accommodate up to 8 people.
