"Sophisticated, chic and the epitome of luxury. Ferme de Moudon is a heavenly retreat in Les Gets for those wanting to escape and unwind."

Few properties in the world possess the history, magic and charm of Ferme de Moudon, it may just be the most iconic chalet in the Alps. The sympathetic renovation, completed under the discerning eye of Nicky Dobree, has ensured the traditional architecture and authentic features of this eighteenth century farmhouse have been preserved. Interiors are classically elegant, yet the cosy textures and sumptuous furnishings are warm and inviting.

This chalet is a true retreat from reality; its location is incredibly private and secluded, yet you are only moments from the chic Alpine resort of Les Gets. Standing on the balcony, you hear nothing but the tumbling stream or the morning birdsong; you see nothing but the mountains, the snow-clad pines and the skies.

The chalet's 4 floors and 6 bedrooms accommodate up to 14 guests in pure luxury. The hand-picked team delivers a discreet yet highly personal service, anticipating your every need and leaving you with lasting memories.
