"This exceptional luxury villa with infinity pool and paddle court sits on an elevated spot in the chic Mallorcan resort of Port Andratx: a privileged viewpoint of the most striking sunsets over the sea behind the small Dragonara island".

One of the highlights of this property is the fabulous sea view that can be enjoyed from all bedrooms and the front living room. Artfully decorated, this property offers comfortable accommodation to x guests in one of Mallorca's top destinations, and considered one of the most beautiful ports in the Mediterranean. The wonderful view of the small island of Dragonera with its romantic lighthouse can be enjoyed from the private 13m x 4.5m infinity pool. As the pool visually merges with the sea, the exterior and interior flow harmoniously together. The villa's plot also beautifully blends with the surroundings in western Mallorca.

It's no wonder the unique atmosphere ensures that this beautiful place with its exclusive yacht club is a popular attraction for VIPs. Enjoy the surrounding landscape, the excellent restaurants and pleasant cafes or shopping in the elegant boutiques. Of course, you can experience much more in the area. Whether hiking in the Tramuntana mountains, water sports, sunbathing on the local beaches, playing golf or tennis, all options are available to you here.
